><p>Four Arms and Shocks were so angry because the criminal got away from their last mission. They were so upset that they could not stop him!<p>

"It's our fault. We should have put up better defenses," Four Arms said angrily.

"No it was my fault for not paying closer attention." Shocks hissed, angry at his failure. Ben walked in right at that moment and could already tell both were ticked off!

"Ok, it was no one's fault!"

"Ben you know it was mine!" Four Arms growled.

"Vilgax almost killed a whole town because of my failure!" Shocks huffed.

"No one is at fault here." Ben replied calmly.

"Look I know you're just trying to help, but I need my space." Four Arms said angrily as all four of his eyes narrowed. He then stormed out and went to the rec room. Shocks went outside to let off some steam.

A few hours laterâ€¦|

"They've been working out all day. What's keeping them?" Ben thought. He then began to search the mansion for his teammates. He walked in the gym and his eyes widened in horror. Four Arms was literally punching the stone punching bag and his knuckles were bleeding and torn open. But Four Arms was still punching it, getting stronger and angrier with every punch.

"Four Arms! STOP IT!" Ben said as he ran to jump on his friend.

"GET OFFA ME BEN!" Four Arms roared.

"NO! NOT UNTIL YOU STOP!"

"I SAIDâ€|GETâ€|OFF!" Four Arms yelled, now accidentally throwing Ben off of him. Ben landed in a heap and held his arm in pain and yelled in pure shock. His arm felt twisted.

"B-Ben! I hurt you! I REALLY HURT YOU!" Four Arms said in disbelief.

"Four Armsâ€|calm down. I'm ok!" Ben said as he tried to walk toward his friend.

"NO! Stay back! I could have killed you!" He said sadly as he took two steps back as Ben followed him.

"Come back here! I gotta talk to you!" Ben said, now trying to walk faster, but still in a daze. Four Arms shook his head and took off running. "FOUR ARMS!"

Four Arms ran out of the mansion in pure horror that he accidentally hurt Ben. But Ben chased after him and would not give up til he found his Tetramand best friend. Ben then turned into Alien X and began to chase after him.

"I gotta find him; this weather is not good for a Tetramand," Ben thought as he felt the wind and wet rain falling down on them. He ran through the wet plants and forest that was around the mansion and that's when he got a glimpse of Four Arms running down the steep hill towards the town.

"I have to catch him soon! The Omnitrix is going to time out," Ben said as he then created a force field around the red alien, affectively trapping him.

"LET ME OUTTA HERE!"

"Not until we talk! I'm taking you back!" Ben replied sternly as he flew he and his buddy back to the mansion. Once inside, Four Arms almost collapsed from exhaustion.

"Easyâ€|I'm going to take you into the living room by the fire. You'll be ok buddy." Ben said softly. Four Arms weakly let him guide him into the living room. Once wrapped in a blanket and warm, Ben sat near his friend and gently nudged him.

"Talk to me Fours."

"I need some time alone." Four Arms said sadly.
